COMMERCIAL

We offer a wide range of services for commercial garment care (e.g. Uniform Cleaning, Office Staff Clothing, Towels and Linen etc) delivered through our reliable valet service.

PLEASE NOTE

There are extra charges for delicate fabrics such as linen, silk, cashmere and alpaca. Garments that require special processing and extra care (e.g. garments with beads and sequins) also attract extra charges.

We always endeavour to clean, finish and restore all garments to their original state, however some garments might have stains that cannot be fully removed due to the nature of the stain and the fabric of the garment.
